The CRTPO continues to consider ways to expand its outreach efforts to environmental justice (EJ) communities and increase opportunities for participation in its transportation planning initiatives. The PIP is intended to design a process for public involvement that will provide minority, low-income, and LEP residents more opportunities for informed and meaningful participation in the transportation planning process as required by the Title VI of the 1964 Civil Rights Act and Executive Order 13166. In conjunction with the PIP, the Title VI and LEP plan demonstrates the CRTPO's commitment to nondiscrimination and ensuring meaningful access to programs and activities for all community members in the planning area.
