"The North Carolina High School Cycling League was organized in 2015 to provide a fun, safe and high quality mountain biking program for students in grades 6 to 12. With the cooperation of our partners and our sponsors, we are able to provide a competitive mountain bike racing experience. Regardless of ability level, the North Carolina League is committed to providing a positive experience for all student-athletes in accordance with NICA's Five Core Principles: Inclusive, Equal, Strong Body, Strong Mind and Strong Character. In turn, North Carolina's goal is to create life-long cyclists who are conscientious, responsible and empowered."

6. Other Topics, Looking Forward
